

6 November 1963

MEMORANDUM FOR: Assistant for Administration

ATTENTION: Chief, Logistics Branch

THROUGH: Chief, Development Branch, FADS

SUBJECT: Request for Work Authorization

REFERENCE: Contract No. [REDACTED]

25X1A

25X1A

25X1A

25X1A

1. It is requested that a work order be issued on the referenced contract for the fabrication of an electrode adapter and guard, as per the attached [REDACTED] drawing. This part adapts a [REDACTED] pH meter for use with a [REDACTED] Electrode. The fabrication cost has been quoted, upon request, at [REDACTED]

25X1A

25X1A

25X1A

2. It is requested that a work order be issued on the referenced contract for the fabrication of the bushings described on the attached drawing, no. 3-153; 2 bushings are required. These will be used to adapt Japanese zoom eyepieces to a [REDACTED] M-5 microstereoscope, permitting an evaluation of their performance in support of a request from the Development Branch. The fabrication cost has been quoted at [REDACTED] for the two pieces.

3. It is not considered necessary, as far as the records or necessities of this Office are concerned, to issue separate work orders for these parts.
